Dear Parents,

Earlier in the term, there was an article in the newsletter about the many methods of communication that the school has to inform parents and the wider community about activities, events and news. There have also been a number of discussions with parents regarding communication lines at the P&C meetings this term.

The paper copy of the newsletter is the main communication line, however we would like to minimise our imprint on the environment, by moving towards a digital copy of the newsletter. This would be in the form of an email sent to the specified email address listed by parents. Of course, there is also the option of accessing the weekly newsletter via the school website.

If you still wish to receive a paper copy of the newsletter, please indicate below on this form. We are hoping to have the new digital email newsletter up and running in the early weeks of next term.

The Stanwell Park Public School Facebook page has certainly been instrumental in the communicating of reminders, event changes and photos of our students. The photo of the boys walking along Stanwell Park beach, with the rocks and the surf in the background, during Clean Up Australia Day, was viewed by over 600 people. Our Face book page will continue to inform you about events and provide photos of our students.

Communication is vital for the building of close relationships between, parents, students, staff and the wider community. Please join with us to minimise the imprint we have on the environment.

R/Principal
Stanwell Park Public School
